

MULTIPLICAR POR 10, 100 Y 1000

1.- Calcula las siguientes operaciones.

$7 \times 10 = \dots\dots\dots$

$9 \times 100 = \dots\dots\dots$

$81 \times 10 = \dots\dots\dots$

$16 \times 10 = \dots\dots\dots$

$71 \times 100 = \dots\dots\dots$

$17 \times 1000 = \dots\dots\dots$

$12 \times 1000 = \dots\dots\dots$

$86 \times 1000 = \dots\dots\dots$

$68 \times 10 = \dots\dots\dots$

$110 \times 10 = \dots\dots\dots$

$70 \times 10 = \dots\dots\dots$

$160 \times 100 = \dots\dots\dots$

$293 \times 100 = \dots\dots\dots$

$714 \times 10 = \dots\dots\dots$

$683 \times 1000 = \dots\dots\dots$

$9 \times 1000 = \dots\dots\dots$

$718 \times 10 = \dots\dots\dots$

$65 \times 100 = \dots\dots\dots$

$423 \times 100 = \dots\dots\dots$

$726 \times 100 = \dots\dots\dots$

$612 \times 10 = \dots\dots\dots$

$928 \times 10 = \dots\dots\dots$

$728 \times 100 = \dots\dots\dots$

$604 \times 100 = \dots\dots\dots$

$112 \times 100 = \dots\dots\dots$

$7215 \times 10 = \dots\dots\dots$

$38 \times 1000 = \dots\dots\dots$

$200 \times 100 = \dots\dots\dots$

$890 \times 100 = \dots\dots\dots$

$3015 \times 1000 = \dots\dots\dots$

MULTIPLICAR POR 10, 100 Y 1000

2.- Completa con la unidad seguida del cero que falta.

$7 \times \dots = 700$

$9 \times \dots = 90$

$25 \times \dots = 250$

$73 \times \dots = 730$

$24 \times \dots = 24000$

$99 \times \dots = 99000$

$20 \times \dots = 200$

$60 \times \dots = 600$

$18 \times \dots = 18000$

$781 \times \dots = 781000$

$124 \times \dots = 1240$

$410 \times \dots = 41000$

$316 \times \dots = 316000$

$512 \times \dots = 5120$

$701 \times \dots = 7010$

$560 \times \dots = 56000$

3.- Completa el factor que falta con 10, 100 o 1000 para que el producto sea correcto.

$\dots \times 9 = 900$

$\dots \times 8 = 80$

$\dots \times 32 = 320$

$\dots \times 41 = 4100$

$\dots \times 14 = 1400$

$\dots \times 71 = 71000$

$\dots \times 167 = 167000$

$\dots \times 110 = 1100$

$\dots \times 215 = 2150$

$\dots \times 300 = 30000$

$\dots \times 122 = 1220$

$\dots \times 164 = 16400$

MULTIPLICAR POR 10, 100 Y 1000

4.- Calcula y ordena de mayor a menor.

$18 \times 1000 = \dots\dots\dots$

$99 \times 100 = \dots\dots\dots$

$810 \times 10 = \dots\dots\dots$

$9 \times 1000 = \dots\dots\dots$

$71 \times 10 = \dots\dots\dots$

$404 \times 100 = \dots\dots\dots$

5.- Calcula y ordena de menor a mayor

$21 \times 100 = \dots\dots\dots$

$11 \times 10 = \dots\dots\dots$

$101 \times 10 = \dots\dots\dots$

$16 \times 1000 = \dots\dots\dots$

$712 \times 100 = \dots\dots\dots$

$871 \times 1000 = \dots\dots\dots$

6.- Completa la tabla realizando las multiplicaciones.
